

## HOME ENERGY INSPECTION

Is your household doing as much as it can to save energy?

**Print this checklist** and do this inspection to find out!

| Question                                                                                                                        | Yes | Not yet |
|---------------------------------------------------------------------------------------------------------------------------------|-----|---------|
| 1. Do you turn off lights, computers, and gaming systems when you are not using them?                                           |     |         |
| 2. Do you have light-emitting diode (LED) bulbs in your home?                                                                   |     |         |
| 3. Do you wash most of your laundry in cold water?                                                                              |     |         |
| 4. Do you have energy- and water-saving showerheads?                                                                            |     |         |
| 5. Do you take short showers and/or half-full baths?                                                                            |     |         |
| 6. Do you run full loads in your dishwasher, clothes washer, and dryer?                                                         |     |         |
| 7. Do you use the "Air Dry" or "No-Heat Dry" setting on your dishwasher?                                                        |     |         |
| 8. Do you close draperies or blinds to help keep the heat out during the summer and to help keep the heat in during the winter? |     |         |
| 9. Do your doors and windows have weatherstripping and caulking to block drafts?                                                |     |         |
| 10. Has your family unplugged appliances you rarely use, such as a second refrigerator or freezer?                              |     |         |
| 11. Is regular maintenance done on your heating and cooling system—cleaning or replacing filters monthly and a yearly tune-up?  |     |         |
